

Advanced Care Options

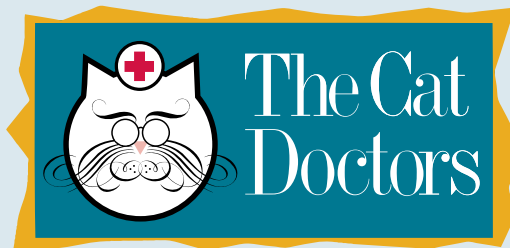

Our team consists of passionate cat experts, led by Dr. Link Welborn, who is Board Certified in Feline Practices. With a wealth of experience, Drs. Simon and Connolly, along with support from specialists in all areas of medicine, have collectively cared for cats for over **40 years**.

We Treat Your Cat Like Our Own

As authentic cat lovers ourselves, we understand the unique needs of feline companions and will treat your cat with the same **love and attention** we give to our own. All of our staff are specially trained in **low-stress cat-handling techniques**, so your cat will be comfortable in our care.

AAHA Accredited

The Cat Doctors have earned accreditation from the **American Animal Hospital Association (AAHA)**, signifying our unwavering commitment to excellence. Meeting and exceeding over 900 rigorous standards, we are part of the exclusive 15% of animal hospitals in North America that can proudly display this distinction.

Convenient Care, Peace of Mind

We'll save you time and stress by making caring for your cat easier.

The Standard of
Veterinary Excellence

**Care from nurturing cat experts
with over 40 years of experience
in feline veterinary care.**

A Cozy Place for Cats Only

At **The Cat Doctors**, we've gone above and beyond to create a **cat-only facility** that prioritizes their comfort. Unlike typical exam rooms, our cozy spaces are tailor-made for cats, ensuring cats feel safe and at ease during their visit. By ensuring both you and your cat are relaxed and content, we provide the warmest veterinary care possible.

Cat-Friendly Certified

We take pride in being a certified **Cat-Friendly Practice®**. This program is a global initiative designed to elevate care for cats by reducing the stress for the cat, caregiver, and the entire veterinary team.

Our approach sets us apart from all-animal hospitals because it is tailored for your cat. We create a **serene environment** free from loud noises and overwhelming scents. Handmade quilts and towels infused with pheromones promote relaxation. And the lighting is soothingly dimmed, accompanied by classical music.

Why Veterinary Care is Essential for Your Cat

Routine veterinary care is crucial for cats because **cats are experts at hiding their pain and illnesses** - a skill they gained in the wild to protect themselves from predators. Through important annual exams and testing, we can catch any potential problems early on. This will ensure that your cat enjoys a happy and healthy life by your side for years to come.

Care for Every Phase of Your Cat's Life

The needs of a kitten, an adult cat, and a senior cat differ significantly. Our mission is to provide services that are **tailored to each stage of a cat's life**, ensuring a wholesome and enjoyable experience throughout their journey with you.

Prevention Is More Cost-Effective Than Treating Progressed Problems

Regular checkups and preventative care are the most **cost-effective** ways to care for your cat's health. **Early detection** and treatment of potential issues can save you from costly medical interventions down the road. A comprehensive physical exam every 6 months is best practice.

Customized Payment Solutions

Your cat's health is important to us, and we know that financial constraints can make it difficult to provide the care they deserve. That's why we offer a range of **flexible payment options** and pet insurance plans to help you manage the costs:

- + ScratchPay.com
- + Care Credit
- + Wellness Plans with Monthly Payments
- + Trupanion Pet Insurance
- + Veterinary Care Foundation (VCF)

We accept all Pet Insurance.
